

ABHIJITH MOHAN R

+91 9061079495 jithu5231w@gmail.com Palakkad,Kerala,India [Abhijith Mohan R](#)

SUMMARY

Computer Science Engineering student with strong foundations in Python programming and software development, and hands-on exposure to AI-based systems and web development.. Interested in building intelligent, real-world applications while continuing to strengthen core development and problem-solving skills.

EDUCATION

Bachelor of Engineering

Akshaya College Of Engineering & Technology

- Major in Computer Science

Sep 2023 - Present
7.6 CGPA

Kendriya Vidyalaya Kanjikode

- Completed Higher Secondary education (CBSE) with 89.8%, specializing in Computer Science.

Jan 2021 - Mar 2023

TECHNICAL SKILLS

- Python,Java,C
- Web Development(HTML,CSS,JavaScript)
- DBMS(SQL,Basic)
- Machine Learning Fundamentals
- Git &Github
- Data Analysis & Visualization

EXPERIENCE

Praya Labs — AR/VR Intern

- Completed structured hands-on training in Augmented Reality (AR) and Virtual Reality (VR) development concepts.

Jun 2025-July 2025

Taras Systems and Solutions — AI/ML Training Program

- Completed a structured training program covering core concepts in Artificial Intelligence and Machine Learning.

Oct 2025-Nov 2025

PROJECTS

AI-Powered Baby Monitoring System

- Developed a Python-based system using OpenCV to detect sleep/wake states and send real-time alerts via Twilio API, improving monitoring efficiency.

AI-Driven Handwritten Text Recognition System

- Built a Python-based system to recognize handwritten text using image preprocessing and machine learning techniques, enabling accurate digit/text classification from scanned inputs.

CERTIFICATES

Oracle Certified Foundations Associate- Issued Apr 2025

Tata - GenAI Powered Data Analytics Job Simulation - Issued Jan 2026

Building RAG Apps Using MongoDB - Issued Oct 2025

Microsoft: Learn AI and GenAI Basics -Issued Oct 2025
